

Belchford Ahead Village Trail Project

1. The aim over the next 5 years is to develop a trail around the village and some of the immediate countryside. Providing information on interesting features and views.

2. Start of the trail at a central feature located on site of the old village green. To provide

- a) tree with seating area
- b) traffic calming (visually narrows Main Raad making centre of the village safer.
- c) sculpture/cairn/info board
- d) visual enhancement on the Viking way route

8. Develop 5-7 acres of marshy waste land planting trees, providing benches and a better path for this section of the Viking Way (will need landowner's consent or lease/buy land).

7. Construct a pathway linking the old green lane and the Viking Way. Giving views of open countryside, village and church (permission from the farmer will be required).

3. Enhance area around the ford.

- a) Acquire small area of land
- b) provide benches

4. Information on chapels and church

5. Minor feature cairn with info plaque info on village "pinfold" bench, old style signpost, History of old cow shed building?

6. Sycamore tree information
